

Synod of the Diocese of Saskatoon

70th
Session
of Synod

September 15th

Dear Friends:

In about six weeks from now, we will gather for the 70th Session of Synod. It will be a pleasure to welcome you and to share the work of the Diocese with you. For many of you, this will be your first Synod. For others who are returning you will be bringing your experience of past Synods. We will all have something to share.

The Synod will be an opportunity to meet other Anglicans, to learn more about the work we do as a Diocese, and to look to the future. Your synod planning team has been working hard to ensure a synod that shares information, meets canonical requirement, looks to the future, worships together and begins a new chapter in the life of the diocese. On Friday evening, we will begin with an opening Eucharist, opening formalities and a reception in the Cathedral Hall. On Saturday morning our guest speaker, the Rev. Chris Ross will be speaking to us about the Vocational Diaconate; there will be table discussion groups and our financial reports. In the afternoon there will be business sessions followed by a second presentation, the Rev. Delta Kelly will be speaking to us about Locally Raised Clergy. This will be followed by a banquet, and a time for fellowship and fun. Sunday morning we will have a second round table discussion on mission and outreach, other business will include our companion diocese, P.W.R.D.F., Diocesan Event and election results. We will have lunch together and then close with worship together.

The theme of this Synod is...

Embracing Change; Energizing the Diocese

Feeling the Winds of Change
